[Letter is slightly water-damaged.]

Algona, Iowa, Sept 18 1882

Messrs S. H. and H. Chapman.
Gentlemen:

I have been from home for the past two months, and, upon my return, found yours of Aug 8th, awaiting me.

There are a few coins in your list that I would like if satisfactory as to condition, color, impression and price.

Please give me your prices on the following, and, if in your judgment they would add to my collection which is now far ahead of most collections in the quality of its specimens, you may send them to me on approval.

1793 Wreath cents.
1794 Bushnell - Please give number of lots for catalogue
1797 cents.
1799 Bushnell
1800 " if over-strike: otherwise I do not wish it.
1804 "
1797 1/2 Cent "

Mr. Pogan purchased for me at the Bushnell sale, among other specimens, the 1806 Cent

Catalogued by you as rare, but a weak impression. I am sorry to say that in my judgment this coin was over-described, as it has undoubtedly been in circulation, and shows it.

With this exception, I am satisfied with the description of the coins received by me at the sale.

Yours Respty
W. D. Coolbaugh
